

Name: \_\_\_\_\_

Subtract numbers up to 100.

$$\begin{array}{r} 52 \\ - 15 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 98 \\ - 58 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 82 \\ - 43 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 43 \\ - 20 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 69 \\ - 68 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 91 \\ - 51 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 67 \\ - 57 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 34 \\ - 15 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 93 \\ - 84 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 81 \\ - 77 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 31 \\ - 14 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 60 \\ - 56 \\ \hline \\ \hline \end{array}$$

## Working Mathematically

1) Jillian has 96 cards to post. She only has 48 stamps. How many more stamps will she need to buy? \_\_\_\_\_

2) Our family bought 35 potatoes. This week we ate 16. How many potatoes do we have left? \_\_\_\_\_

3) The school senior soccer team scored 57 goals this season. The junior team scored 16 less. How many goals did they score? \_\_\_\_\_

4) We have set out 58 chairs in the hall. If 96 people are expected, how many more chairs do we need to set out? \_\_\_\_\_
