

Making a Greener World

Recycling Activity:

Making sculptures from recycled plastic bags

What To Do:

- 1) Lay the plastic bags out on a flat surface and smooth out the wrinkles.
- 2) Cut the plastic bag into long strips that can be used for winding and fastening.
- 3) Roll bags lengthways and twist, tie or plait together to make interesting shapes.
- 4) Use sticks for strength and structure.

Be creative! What amazing creatures can you make out of plastic bags?
