

Name: \_\_\_\_\_

## Division no remainders

$28 \div 4 = \underline{\quad}$

$12 \div 4 = \underline{\quad}$

$5 \div 1 = \underline{\quad}$

$30 \div 6 = \underline{\quad}$

$10 \div 1 = \underline{\quad}$

$40 \div 5 = \underline{\quad}$

$9 \div 9 = \underline{\quad}$

$24 \div 4 = \underline{\quad}$

$16 \div 8 = \underline{\quad}$

$30 \div 6 = \underline{\quad}$

$10 \div 5 = \underline{\quad}$

$2 \div 1 = \underline{\quad}$

$40 \div 4 = \underline{\quad}$

$35 \div 5 = \underline{\quad}$

$72 \div 9 = \underline{\quad}$

$4 \div 4 = \underline{\quad}$

$21 \div 7 = \underline{\quad}$

$18 \div 9 = \underline{\quad}$

$6 \div 1 = \underline{\quad}$

$54 \div 6 = \underline{\quad}$

### Working Mathematically

- 1)  64 children need to get into 8 equal teams. How many will be in each team? \_\_\_\_\_

- 2)  Each box contains 6 balls.

Our school bought 6 boxes of balls. How many balls will each of our 9 classes get if the balls are shared equally? \_\_\_\_\_

- 3) Mrs Dods has 72 lollies to share between 9 children. How many will they each get? \_\_\_\_\_
- 4) There are 81 yachts in a teams race. How many teams of 9 are there? \_\_\_\_\_
